Breathe Referral Form

Breathe provides counselling services. You will need to complete this form to access our services. This will give us some basic information about you and how we may be able to help.

Data Protection

To apply for counselling we ask for consent to hold and process any personal, confidential information about you which will be used, as part of the counselling process, such as your contact details, notes and assessment forms. The information held will be in digital and clerical formats; we do not pass your personal information onto anyone else without your consent in the first instance.

How we use information

- To help inform decisions that we make about your referral.
- To work effectively with other organisations who may be involved in your support.
- To ensure our services can meet your needs.
- To be able to provide you with the highest standard of counselling possible.

How information is retained and kept safe?

Information is retained in secure electronic and paper records and access is restricted to only those who need to know, removing your identifying information, adhering to strict contractual conditions and ensuring strict sharing or processing agreements are in place. It is important that information is kept safe and secure, to protect your confidentiality. There are a number of ways in which your privacy is shielded by removing your identifying information, adhering to strict contractual conditions and ensuring strict sharing or processing agreements are in place.

The information shared may be used for the planning and delivery of services, additionally it may be used for statistical purposes where appropriate to do so. Information collected will be stored securely and used anonymously.

These arrangements will be in place for a period of three years after you have completed your counselling, or until you decide to withdraw consent (if you do so prior to the 3 years passing). This form will be reviewed with you when you start counselling. It will be destroyed once no longer valid i.e. when review is due or when you withdraw consent.
